RSE(-Z)

2 Watt SIP8 Single Output

3 YEAR warranty

Description

The RSE(-Z) is a low cost isolated, regulated and short-circuit protected DC/DC converter designed for industrial applications. A compact SIP8 case size, 2:1 input or 4:1 input, 2kVDC isolation and a wide operating temperature range of -40°C to +75°C without derating makes the RSE(-Z) series ideal for industrial, transport and general-purpose on-board 5V power supplies. Industrial Class A EMC levels can be met with a simple Pi-filter and the converters come with a three year warranty.
