

The FLL series LED lamps ensure low energy consumption, less than 5W, and optimal illumination of electrical panels thanks to high-quality lens and a brightness of 600 lumen. They are available with a wide range supply of 20 and 230 V AC/DC and a quick electrical connection by screwless wiring system. These lamps can be swivelled to better distribute the light beam, they can be easily fixed by screws or magnetic fastening and are equipped with ON/OFF switch or motion sensor.
